Back-ups

If you still do not have a method of backing up your computer, you are at risk of losing everything you have saved. I backup my computer files with Carbonite and I think you should too! It Pays to Be Friends with the Wizard - Subscribe to Carbonite and Get FREE Bonus Month. With Carbonite Home, you get simple, secure and affordable online backup for all of your irreplaceable computer files, like photos, music, documents and more. Once installed, your files will be backed up automatically, so you can rest easy knowing your files are safe.

Go to: <http://refer.carbonite.com/a/clk/1X2xLH> to get 2 free months and get started. Carbonite costs only \$59 per year per computer.
